STG means absolutely faithful to the true process.

Not almost the real thing; not simply close to authentic. STG means beholden to a standard...

THE standard. The same tools, the same ingredients, and most importantly the same centuries-old process that created the STG standard.

### THINGS TO KNOW:

Pizzas are ideally served uncut to preserve the dough's heat and integrity. Fresh Napoletana pizza is soft, fragrant. For optimal taste, pizzas should be eaten within 30 minutes of being created.
